

# Leader in Safety Testing and Risk Assessment

Advinus

Eurofins Advinus is one of India's leading Contract Research Organizations. With 220,000+ sq. ft. of state-of-the-art facility and a 325+ strong multi-disciplined scientific team, we support the development and testing of all varieties of insecticides, pesticides, herbicides, fungicides, industrial chemicals and other specialty chemicals for global registrations.

We have 25+ years of proven track record in offering agrochemical development services to our clients worldwide. The range of services include - conducting field trials, plant/ animal metabolism studies, 5-batch analysis, toxicology and physico-chemical properties testing. Today, we are the partner of choice for many global agrochemical companies and chemical companies for REACH compliance.

Eurofins Advinus is well recognized for its accomplishments and accreditations:-

- The first GLP certified test facility in India
- The first AAALAC accredited animal house facility in India
- Proven track record of studies conducted in accordance with regulatory requirements of OECD, US-EPA, CIPAC, EEC, FAO, ABNT, NBR, JMAFF, SANCO, ICH, etc.

## Our Expertise Include:

### Process Chemistry

- Custom Synthesis and Reference Standards Synthesis
- Process Development, Optimization and Validation
- Impurity Identification, Isolation and Characterization
- Technology Transfer and Scale-Up

### Analytical Chemistry

- 5-Batch Analysis
- Physico-Chemical Properties and Stability Studies
- Environmental Fate Studies
- Residue and Persistence Studies
- Metabolism Studies (Soil / Water / Animals)
- Soil Micro-Organism: Carbon/ Nitrogen Transformation Test
- Leaching Studies
- Aquatic Metabolism Studies

### Toxicology Studies

- Acute Six Pack Studies
- Repeated Dose Tox Studies (Sub Acute and Sub Chronic)
- Mutagenicity Studies
- Ecotoxicology Studies
- Teratology and Reproduction Studies
- Chronic and Carcinogenicity Studies
- *In vitro* Toxicology Studies

AAALAC (since 2001)

BETTER POLICIES FOR BETTER LIVES
